

# GSTRACING + TOLERO RACING + IC3 RACING PRESENT THE 1ST ANNUAL MARANA HERITAGE CRITERIUM

**SATURDAY, MARCH 26, 2016** USAC PERMIT 2016-920

The **MARANA HERITAGE CRITERIUM** course is a 2km, 3 turn loop on excellent surface that will appeal to both experienced and novice racers. This is essentially a flat course with long sweeping straightaways that will allow this criterium to have somewhat of a road race feel. The full 1000 meter straight stretch into the finish will provide a physically and mentally challenging finale that will provide opportunities for lead outs and demonstrations of sprinting ability.

Register at [bikereg.com](http://bikereg.com) – sorry no mail-ins. Registration closes at 8pm on 3/25

The course is at Marana's Heritage Park (12375 North Heritage Park Drive), just west of I-10 on Tangerine. There are restrooms, water, tables and shade at both the Farm and at the two parks and we will have police present all day to manage traffic as well as barricades along Tangerine.

All USCF Rules apply.

Please park along either side of Lon Adams Road then take the pedestrian underpass into the park. Additional parking is available along W Gladden Farms Dr. Please do not park in the neighborhoods or erect popup tents along the road or on sidewalks. Note that Heritage Park Drive, (which is the road into the park), is also the course and will be closed to traffic during racing. There is space for team tents, vendors and RVs/trailers inside the park but entry and exit will be limited to between races or at the discretion of the course marshals and traffic control police officer. If you plan to park inside the venue, please contact us by emailing [Lynn.orchard@cox.net](mailto:Lynn.orchard@cox.net) prior to the event for instructions. On race day for vehicle access to team parking inside the venue, notify the parking coordinator located at the corner of Lon Adams Road and they will assist you.

	CATEGORY	DURATION	Before March 12	PreReg	Day Of	Payout	START TIME
	JR Girls/Boys 9-12/13-14	20	\$15	\$15	\$15	Merch	8:00 AM
